Mayor's Report by Mayor John D. Link

Wow, 2018 seemed to go by at a high rate of speed after Santa visited the Senior Center, the Home Decorating Contest and touring the city to find the best decorated home! Both events get everyone in the holiday spirits! Winners of the Home Decorating Contest are listed on our Facebook and Twitter pages! www.facebook.com/CityofEdgewoodKY/ and <https://twitter.com/EdgewoodKY>. Congratulations!

Service line warranties of America Utility Service Partners of Canonsburg, PA. have sent out information promoting their water and sewer line protection programs that the city endorses. This is an optional service but has a very beneficial resource when needed by our residents.

The water lines and the sidewalks are now complete along Dudley from Turkeyfoot to Dixie Highway, with the work behind us, we should be able to pave these sections, weather permitting. All other city street repairs and replacements have come to a halt until the spring of 2019.

With winter at our back doors, the Reach Alert notification service is a free service to all of our residents, that alerts you of any emergencies, recreation events, crime alerts, road and snow conditions, along with other city announcements. To sign up, visit our website and click on the Reach Alert icon.

The recreation department has a number of up-coming events for us to enjoy in the 2019 season. We look forward to seeing you at one or more of these events. So, come out and enjoy the numerous events with your neighbors, friends, and your family members.

Happy 2019 New Year to you all!

If you would rather receive the newsletter electronically please send your request to bn@edgewoodky.gov; include your name and address.

Councilman Barlage's Edgewood History

Lyndale Road has some very interesting housing history.

1. 2 Lyndale Road was built in 1927 by a series of Northern Kentucky Banks to generate interest in the new development of Edgewood. The Kentucky Post hosted a voting contest to give the "Dream-a-Way" house to a worthy recipient. Mrs George Ficke was the lucky winner!

2. 17 Lyndale Road is one of the few remaining Lustron Homes in this country. A post-war exercise in prefabricated housing, it incorporated the materials and skills that had been developed in the Airplane industry during WWII. Produced in Columbus Ohio from 1947 -1950 the Lustron home's steel walls with baked enamel finish provided a durable exterior. The interior came with built in shelves and pre-installed appliances. A unique idea that could have gained more traction if it had not been for the rising steel costs associated with the Korean War.

3. 27 Lyndale Road is one of the Sears Catalog homes of the 1930s. More on the Sears homes at a later date. If you are aware of interesting housing stock in our area, please let me know. If you have any historical items related to our community, photographs, slides, 8mm movies or other paraphernalia depicting years gone by, we would be very interested in producing a copy for our archive.

Edge of the Woods Garden Club News

Dear Deer

We hope you had a happy and healthy Holiday. But now that it's over, the weather is cold and wet, the ground is frozen and the days are short, how can we get our gardening fix? We plan for spring!! Browse through catalogs, page through garden magazines, and make a trip or two to the library.

I'm hearing from all corners of the city that the deer are really a problem. They're beautiful animals and fun to watch but they're eating all our plants. The best way to discourage deer noshing is to plant deer resistant plants. For example, deer feast on Tulips but hate Daffodils. Daffodils come in many different spring colors that look good planted in masses. Astilbe is a perennial that grows well in this area and is deer resistant. Plant in light shade with plenty of compost. Deer don't like the fernlike texture of the leaves. Several herbs are deer resistant. Sweet Basil, Greek Oregano and Rosemary are favorites in cooking.

So log onto the internet or make a trip to the library and let's plan for spring!! It'll be here before you know it.

The Edge of the Woods Garden Club will soon start planning for our spring display in the pots along Dudley. We've had many compliments about our tri-pots and we're glad we're helping Edgewood to be an exceptional city. But we could use your help. For more information, send us an E-Mail at edgeofthewoods.edgewoodky@gmail.com or leave your contact information with the city.

Snow Emergency

by BOB BEGNOCHE,
General Services Director

The City has an ordinance that prohibits all motor vehicles from parking on any street in the City during a Snow Emergency. **A Snow Emergency may be declared by the Mayor anytime driving conditions are deemed hazardous. It is automatically in effect when there is a snowfall of two or more inches.** We notify radio and television stations of declared Snow Emergencies, but they do not always broadcast

the notice. These notices are not required and you may receive a citation without prior notification. Also, your car may be towed if it creates a hazard on your street. **Snow Emergencies are put into effect for your safety as well as the City's.** It allows the Public Works Department to plow and salt the thoroughfares without the additional hazard of parked vehicles. If it is snowing, or if snow is predicted, please remove your car(s) from the street. Let's all work together to keep our streets clear and safe for everyone.

Fireman Mike Says ...

by Firefighter Michael Constantino

I hope everyone had a great holiday. I've got a few safety tips for the winter season. Cooking, heating, holiday decorations and candles all contribute to an increased risk of fire during the winter months. Cooking and heating are by far, the leading causes of these fires. To ensure a fire safe winter season, it is important to be more attentive to the use of cooking materials and equipment, and make sure furnaces and chimneys are professionally cleaned and smoke alarms are properly maintained.

Although the popularity of carbon monoxide (CO) alarms has been growing in recent years, it cannot be assumed that everyone is familiar with the hazards of carbon monoxide poisoning in the home. Often called the invisible killer, carbon monoxide is an odorless, colorless gas created when fuels (such as gasoline, wood, coal, natural gas, propane, oil, and methane) burn incompletely. In the home, heating and cooking equipment that burn fuel are potential sources of carbon monoxide. The only safe way to detect carbon monoxide in your home is with working carbon monoxide alarms. CO alarms are available at your local home improvement store and are easy to install. Be sure to place CO alarms on every level of your home and near sleeping areas to help keep your family safe. CO alarms should be replaced every 5 to 7 years.

Continue making Edgewood a safe place to live. For more information regarding fire prevention please contact Fireman Mike at mconstantino@edgewoodky.gov.

Please come and support your fire department!
