Mayor's Report by Mayor John D. Link

Hats off to all of the 2019 Graduates for their accomplishments and to all those that took the time to help them climb the ladder. Good Luck to you all.

The construction along Dudley Road from Winding Trails to Catherine Drive will be starting this fall and into the spring and summer of 2020. Our Brookwood Road project completion is now scheduling for the Spring of 2020 due to the rainy weather and work schedule of our contractor.

Our Grand Marshall for this year's 4th of July parade is our Public Works Director Bob Begnoche. Bob is retiring after serving the City of Edgewood for 37 years. We were also advised that our Chief of Police, Tony Kramer is retiring as of August 1, 2019. Chief Kramer has been with our city for 17 years and has built leadership from within his department. We wish both men the best of the coming years and we thank them for what they have done for our city. We have chosen Lieutenant Brian Zurborg as the next Chief of Police. Brian has been with the city for 23 years.

The Edge of the Woods Garden Club has again decorated the tri-pots throughout the city with the Spring and Summer plants. A job well done for all their efforts and planning. If anyone is interested in joining or has any ideas to share, you can call the city building and we will direct you to one of the members.

The Mayor's Annual Golf Outing is scheduled for Friday, August 2, 2019 at the Twin Oaks Golf Course. It is a scramble/shot gun start, which includes 18 holes of golf, cart, lunch, dinner buffet, gifts and more. For more information and sign up please contact Michelle Frisch at 859-331-5910 or mfrisch@edgewoodky.gov. You will have a great time and I hope to see you there.

You will need to bring an exercise mat or towel and water. You must pre-register; see enclosed form.

Fireman Mike Says...

Summer is the time to enjoy vacations, camping, picnics and Independence Day; however, summertime also brings fires and burn injuries due to fireworks and outdoor cooking. Fireworks start an average of 18,500 fires per year. These fires caused an average of 3 deaths, 40 civilian injuries, and an average of \$43 million in property damage. In 2017, U.S. hospital emergency rooms treated an estimated 12,900 people for fireworks related injuries; 54% of those injuries were to the extremities and 36% were to the head. Children younger than 15 years of age accounted for 36% of the estimated 2017 injuries. Believe it or not, Sparklers account for roughly one-quarter of emergency room fireworks injuries.

The safest way to enjoy fireworks is to attend public fireworks displays, leave the lighting to the professionals. The City of Edgewood provides this excitement on the holiday annually.

Enjoy outdoor celebrations and cookouts but remember to keep a 3 foot "safe zone" around grills and campfires. Only use your grill outside and keep it away from siding and deck rails. Open your gas grills before lighting and keep an eye on your grill without leaving them unattended.

Knowing a few fire safety tips will help everyone have a safe summer. Stay safe, stay hydrated and we can't wait to see you at the July 4th parade and fireworks show!

COUNCILMAN BARLAGE'S Edgewood History

The last Edgewood History note connected the Dudley Family to an American President and Colonial America. This month we will make similar connections. Have you ever watched a Presidential speech from the Oval office and noticed the Frederick Remington bronze-sculpture known as the "Bronco Buster" of a cowboy riding a spirited horse? The statue was a gift tat the northwest corner of Braddock Ct. and Baron's Cove. The Hatfield family had pioneer ancestors. One, Richard Warren, arrived on the Mayflower.

If you have any historical items related to our community, photographs, slides, 8mm movies or other paraphernalia depicting years gone by, we would be very interested in producing a copy for our archive. Please contact the City Building or Ben Barlage at BenBarlage@aol.com

Edge of the Woods Garden Club

As we head into the hot days of summer, our bodies are usually looking for shade. Some perennials are shade loving plants also. The tags on the plant at the garden center have will tell you how much shade the plant will require. But what do these labels really mean?

"Light Shade" is completely shaded for only 2 to 4 hours per day between 10 am and 6 pm.

"Filtered Shade" might look like it is in shade all day but shafts of light still filter thru. It may be under a tree with a lacy, thin canopy like a honeylocust.

"Part shade" receive between 4 and 5 hours of sun per day.

"Full shade" lasts all day. It may be under a group of trees, next to a building or between two buildings. They'll get reflected light but no direct sun.

"Dense shade" means no light will reach this area. Typically this is in a grove of trees

or under a tree with low branches.

The "Edge of the Woods" Garden Club is always open to new members. Our goal is to help beautify our city by planting and maintaining seasonal displays of flowers in pots throughout the city. We also will do special projects. Look at the new bed at the entrance to Presidents Park. If you want to join us, want to keep up with what we're doing, or just have questions, send us an E-Mail at edgeofthewoods.edgewoodky@gmail.com. Let's keep gardening!!!
